# NOTICE

**Energy Efficiency improvements  
will be conducted for your area**

## **TO ALL RESIDENTS:**

We will be conducting energy efficiency assessments and making efficiency improvements to homes in your area. Incentives are paid to our company by your local electric delivery company that pay for the above mentioned services (***please see: <http://www.texasefficiency.com> for more information***) as this is a state energy efficiency program for selected electric delivery companies. There is NO COST for our work! NOTE: Residences that are a part of an electric co-operative or a city municipality do not qualify. Upon completion of our work, your duct system(s) will be at least 90% efficient! Typically, residential houses have been shown to be only 65 to 80% efficient before our work is completed. In addition, we will reduce the amount of air loss within the buildings structure by AT LEAST 10%. To achieve this air loss reduction goal within the house, we may install some measures such as: caulking windows, installing door weatherstripping/thresholds, sealing access to attic, etc. This means lower energy usage and increased value of your home.

- **No Cost - Energy Efficient light bulbs (CFL's)**
- **No Cost/Discounted - Attic Insulation**
